What have we been learning?

This week, the children in EYFS have learnt about Remembrance Day and the reasons it is celebrated. They enjoyed making poppies to add to our class wreaths, and showed understanding and respect during the two-minute silence on Thursday. All of the children in EYFS have continued to learn our core text 'Monkey Puzzle', and have helped to act out the story and create actions for the key words and characters. In maths, our Reception children have been exploring 2D and 3D shapes and their properties. They have been hunting for shapes in our environment and using them to build models. Our nursery children have continued to practise their counting skills, by counting the animals at the zoo and matching these amounts to numbers correctly.

Thought for the week...

Who and what do we remember on Remembrance Day?
How can we show respect?

Take a look at our **STARS OF THE WEEK!**

Helping at Home

Remember to read with/to your child every day at home to help develop their love of reading and books!

Nursery: Practise taking on and off your coat yourself- including the zip. Next week we will be having a competition to see who can do this the fastest!

Reception: Practise forming the letters we have been learning using the formation sheets.

Follow our school Twitter account for updates and challenges to try at home!

@ParsloesSchool

Don't forget...

Please ensure your child's Reading Record and reading book is kept in their bookbag at all times. Your child's reading book will not be changed until the old one is returned. Thank you.

Please ensure your child is dressed appropriately for the cold weather (coat, tights/trousers, hat, scarf, gloves). As part of their learning, the children spend time outside. It is important they are dressed appropriately for this.
