What have we been learning?

Nursery: This week the children have spent some time visiting the Reception classrooms and getting to know the Reception staff! They enjoyed talking about their experiences and are beginning to feel excited about starting their Reception year. The children have also enjoyed watering the flowers in the garden and creating their own volcano and watching it erupt during a science experiment!

Reception: This week we have been focusing on sorting during our maths lessons. We had a go at sorting objects from around the classroom in different ways and looked at different ways we could sort the children too! We have been preparing for our transition into Year 1, by thinking about important things we would like our new teacher to know about us. The children visited the Year 1 classrooms this week, to familiarise themselves with the environment and to take part in a Year 1 style lesson which they really enjoyed!

Thought for the week...

Helping at Home

Remember to read with/to your child every day at home to help develop their love of reading and books!

Nursery: Can you talk to your grown up about some things that are the same and different about the Reception classrooms and nursery?

Reception: Can you find different ways of sorting objects from around your house and explain why you have sorted them this way? E.g. by colour, shape or size.

Follow our school Twitter account for updates and challenges to try at home!
