

Art

What is Art?

Art is the expression of creativity and imagination, for example through painting, drawing, sculpting and printing.

Why is Art important?

Art has always been a part of human history and culture

It allows us to express ourselves and our emotions

It is open to different interpretations; there isn't a 'right' answer

What do you think about this piece of art?

The Snail, Henri Matisse

What do you think about this piece of art?

Tree of Life
Kestor, Hilario Nhatugueja,
Fiel dos Santos, Adelino
Serafim Mate

Mozambique

What do you think about this piece of art?

Under the Wave off
Kanagawa
Katsushika Hokusai

Woodblock

What do we do in Art lessons?

We learn about different artists and the techniques they used.

We share opinions and develop artistic preferences.

We practise different techniques (line, tone, shape, space, colour).

We evaluate our own work and that of others, recognising that there isn't a 'right' answer in art.

We create final pieces inspired by artists but always expressing our own creativity and imagination.

We experiment with different techniques and evaluate what will work best.

Our Art leader is...

Mr Johnson
