## What have we been learning?

### Year 2

This week Year 2 discovered a crashed alien spaceship in our outdoor area! We explored it and then painted what we thought the alien might look like. We also had our exit point where we travelled around the world!

### Year 3

This week we have been drawing their topics to a close with a quiz in geography, dissecting plants in science and writing poems. We thank Year 3 for all their hard work and have a good break.

### Year 4

In Science, we learnt about the food chain, discussing how energy is transferred through different species. We also wrote our magazine recounts about meeting a famous book character.

### Thought for the week...

Are you or anyone you know celebrating Diwali? How is it celebrated?

Check out our school website for more exciting school news!
