## What have we been learning?

### Year 5

This week we have written our final character description applying all the skills we have learned from our toolkit. In maths, we have compared and ordered numbers up to 1,000,000. In Art, we have really enjoyed applying our sketching skills to create a portrait of a significant individual from Tudor times.

### Year 6

This week has been another busy week for us as we have been retelling the story of 'Flotsam', a story about a young boy who made some very interesting discoveries from an underwater camera...! In Maths, we have been practising the skill of solving problems by applying our addition and subtraction skills. In our Geography lessons, we have learnt more about some of the regions in Romania.

## Thought for the week...

You fail 100% of the things you don't attempt.
