

Year 5 and 6 Newsletter

Friday 14th October 2022

What have we been learning?

Year 5

This week we have been exploring how we can use our toolkit to write an action scene that includes figurative language and rounding numbers up to 10,000. In art, we used powder paints to create a Tudor portrait.

Year 6

In Year 6, children have been looking at reasoning question in Maths, involving all four key operations. For English, we have started our new unit of non-chronological reports. We have looked at some of the features we will use for a report.

To finish off the week, we split into our houses to complete our first house challenge of the year- Black History Month.

Harvest Festival

We would like to thank parents for their kind donations for Harvest and continued support. This week we were lucky enough to have a visitor from Riverside Church who talked about the importance of the Harvest festival and told the children a story about being kind to your neighbours. The food you donated will be given to Riverside Church, who will distribute it to people who need our help.

Thought for the week...

How you love yourself is how you treat others to love you
