What have we been learning?

Year 5

This week we have used written methods to solve addition and subtraction problems in maths and have been thinking about how we show emotions in our writing. In History, we are looking at why the Anglo Saxons came to Britain and what life was like during this time. In PE, we have been developing our balances in gymnastics.

Year 6

In Year 6, it has been a busy week, with assessment week. We have worked really hard to improve our scores from our last assessment, at the beginning of the year. In English, we have been continuing our diary entry unit, thinking about writing a diary from a character's perspective. To finish the week, we observed a two-minute silence, held in our playground, to honour those who have fought for our country.
