What have we been learning?

Nursery

As part of Science Week, we have been looking carefully at different farm animals. We have been talking about the features of their faces and matched two halves of their faces.

Reception

This week the children enjoyed designing their own houses. They then had the chance to create their houses using materials.

Year 1

This week the children enjoyed taking part in a walk around our local area. They spotted lots of human and physical features.

Thought for the week...

Who is a special person in your life? How can you show them you are *grateful*?
