

Year 5 and 6 Newsletter

Friday 5th May 2023

What have we been learning?

Year 5 This week, we have been writing a diary in role as Karl. We've had to consider the differing emotions that he is experiencing as he accepts the gift of Sir Ironsoul. In Maths, we have ended the week by learning about percentages. In Science, we have been investigating air resistance by launching parachutes. We have also explored water resistance by looking at which shapes move through the water the quickest.

Year 6

Our Year 6 pupils have been showing great dedication and commitment in their learning this week as the SATs are all so near! Children have been supportive of one another and have been very positive. All the staff are very proud of the children's motivation to achieve well. Best of luck, Year 6!

Thought for the week...

This weekend marks the occasion of the King's Coronation. Their Majesties, The King and The Queen Consort hope the Coronation Weekend will provide an opportunity to spend time and celebrate with friends, families and communities across the United Kingdom, the Realms and the Commonwealth. We hope that you enjoy this time together with your family and friends.
