

PP Year 2, 3 and 4 Newsletter

Friday 9th June 2023

What have we been learning?

Year 2

This week we have been looking at directions and how to map a route. We enjoyed a school trip on Thursday, where we mapped our route from Upminster Station to the park.

Year 3

We have been exploring forces, learning that an object needs either a push or a pull to set it in motion.

Year 4

We have learned about the causes and consequences of natural disasters in Geography, building our own volcanoes to get a greater understanding of what happens when it erupts.

Thought for the week...

Every day is a new beginning.
Take a deep breath, smile and start again.

Celebration Zone

STARS OF THE WEEK!

Mathematician of the Week

Grasshopper - John-Junior Centipede - Harry
Oak - Esmee Elm - Afreen
Maple - Ariana Beech - Ludmille

House Points

Seacole 802	Shakespeare 757
Bannister 772	Pankhurst 699

Helping at Home

Talk to your child about the texts they are reading. Discuss the characters, settings and storylines and talk about favourite moments or parts of the book they didn't enjoy. Encourage them to make links with other things they have read or seen, or to their own personal experiences.

Don't forget...

- Ensure that your children wear the correct uniform every day and keep the correct PE kit in school.
- Children should not be wearing any jewellery to school, except small earrings.
