

Year 5 and 6 Newsletter

Friday 23rd June 2023

What have we been learning?

Year 5

This week, we have been writing, editing and redrafting our own stories about an unusual animal friendship. In Maths, we have been learning about angles. We have also been learning to classify angles as acute, right, obtuse and reflex. In Science, we have been researching about the life cycle of an amphibian.

Year 6

In Year 6, we have been working incredibly hard this week, practising and perfecting our 'Wizard of Oz' production, that we are excited for everyone to see on Friday 7th July 2023. In English, we also implemented features of a newspaper report in our work.

Thought for the week...

Aim for the best, then reach higher.

The only way is up!

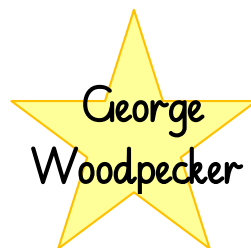

Check out our school website for more exciting school news!
