

Year 5 and 6 Newsletter

Friday 14th July 2023

What have we been learning?

Year 5

Another exciting week for Year 5! We really enjoyed watching a performance of Matilda at DPS. In Science we have learned and compared life cycles of all the different groups and after working hard to write our own meeting tale, we created a story book to share with other children in school. In Maths, we have been calculating angles on a straight line, around a point and in shapes.

Year 6

It has been a fabulous week for Year 6 as they had some amazing experiences! All of Year 6 have made us very proud. The children who went on the residential showed a lot of bravery and maturity during the 3-day visit, where they took part in some very exciting activities. Finally, their long-awaited SATs results have come through and the children should all be incredibly proud of the outcomes. We are overjoyed!

Thought for the week...
