Friday 29<sup>th</sup> September 2023

## What have we been learning?

### Year 5

What an exciting week we have had! On Thursday we visited Eastbury Manor House and learned what life was like in Tudor times. In English, we generated ideas for own setting to match our invented sinister character, based on the main character of our core text, Macbeth. We have learned a range of mental calculation methods in Maths and created our own representations of the Trinity in RE.

### Year 6

In Science we have been looking at variation. We have been looking at how variation occurs in species and families. We have created graphs based on the variation in sunflower seeds. In computing, we developed our programming skills in scratch by altering an existing project.

### Thought for the week...

One small positive thought in the morning can change your whole day.

Check out our school website for more exciting school news!
