

Year 5 and 6 Newsletter

Friday 8th December 2023

What have we been learning?

Year 5

In English, we wrote kenning-style poems, where we embraced everything uniquely amazing about ourselves, including what we wanted to be in the future and how we believe to be perceived by others. We are increasing our understanding of a range of reasoning-style maths questions, perfecting our ability to decode sentences into simple linear forms. In History, we have learned about the foods and feasts of Viking meals. Anyone for stewed elk?

Year 6

For our DT lesson, we went out to evaluate the frame structures in our playground – the bike shed and the climbing frame. We looked at what made these strong and sturdy. After that, we built prototypes of bridges, using art straws. Our next step is to design and then make our own bridges. In science we discovered that white light is made up of a spectrum of colours and found out why there are rainbows!

Girls' football team

Well done to the Girls' football team, who won their second game, 7-0 against Eastbury Primary!
